

Welcome to

SAFETY RULES & NON-TOUCH MENU

Our top priority is the safety of our customers and staff. We ask that you please follow the safety guidelines below so that we can provide a safe and fun environment for all.

1. We recommend that all customers wear a mask while they are in the bowling centre. Please remember to cough/sneeze into your elbow, and wash your hands regularly and well. You will find Sanitizer available for customer use in designated areas.
2. We ask that your group keep to your assigned lane and table as much as possible, and maintain a physical distance of 6ft from anyone outside of your group.
3. Food and beverage items are available, and scanning the QR Code below with your smart phone will show you our current non-touch menu. Once your order has been placed, our staff will deliver your selections directly to your lane.
4. We ask that you dispose of food garbage in the receptacles by your lane. PPE (Personal Protective Equipment) must be disposed of in designated covered bins where indicated.
5. When you are finished bowling, we ask that you leave all shoes, balls and ramps at the lane to limit contact and to ensure everything is cleaned and sanitized before the next customer group's arrival.

Thank you so much for your support through these difficult times.
